

AWS Cloud Foundation - So You Can Get Started on Your Cloud Journey

You want to move into the AWS Cloud as quickly as possible? Our UMB Cloud Master will support you with superior technical know-how in setting up a AWS cloud. Enabling you to really take off right from the start. The AWS Cloud Foundation from UMB makes it possible.

Our Cloud Master will help you design and build your AWS cloud concept. In addition, with the AWS Cloud Foundation, you will receive a framework that will set up and manage your AWS environment based on best practices for infrastructure, security, and account management. This reduces your deployment time and you can start with your cloud migration.

What our service looks like

Technical workshop (on-site or online) on the topics of AWS organization (account management, IAM, SSO), connectivity, landing zones and infrastructure as-code.

Getting started in the cloud requires a well-structured and organized foundation. With the UMB AWS Cloud Foundation, we offer centralized cloud governance and management of multiple cloud accounts. This allows us to provide an optimal view of the customer's organization with the following integrations:

- Identity & access management for centralized access management
- Centralized management of shared services across the enterprise
- Automated provisioning and per-account management of cloud accounts
- Automated provisioning of cloud resources

Our cloud landing zones centralize and highly automate audit, security, network, backup, and patch management.

Your advantages:

- The AWS Cloud Foundation provides you with an organized and structured foundation in the AWS cloud.
- Set up a best-practice cloud landing zone without having to spend even a minute learning about the topic beforehand
- Your total cost of ownership for operating a landing zone with centralized management and automated cloud account provisioning will be reduced.

Does this sound interesting? Contact us!

We will be happy to answer your questions about the topic of our AWS Cloud Foundation.
